## What is it?

- SoWash is the complete oral hygiene system full of exclusive accessories with unique using functions, extremely effective and long lasting life for an excellent oral and sub-gingival hygiene.

## Why use it?

- It's the only device in the world equipped with Vortice technology tips (International Patent), that, thanks to three convergent pulsating jets, create a Vortex effect which ensures an extraordinary cleaning.
- It connects directly to the faucet, allowing for immediate temperature and pressure regulation, for as long as desired.
- The most eco-friendly oral irrigator in the world. It functions by water pressure only, without the need for electricity or batteries, with utmost ease.
- Particularly suitable for orthodontic braces.
- Helps remove sub-gingival plaque and deeply cleans interdental space.

## The packages:

### Vortice

Vortex effect for daily hygiene

### Orthodontic

Particularly suitable for orthodontic braces.

### Vortice Brush

Combines the Vortex action with the efficacy of the bristles, along with three convergent pulsating jets.
