Best ergonomic solution

Designed to best support orthodontic specialists, the Nice One L is the perfect synthesis of functionality and technology.

TOTALLY
MADE
IN ITALY

Versatile and ergonomic

ARM WHICH ROTATES 180°

The NiceOne L allows you to manage the operating space in total autonomy thanks to the arm which rotates 180°. With a simple movement it is possible to move the arm and the operating console, making the unit perfect for both right-handed and left-handed operators.

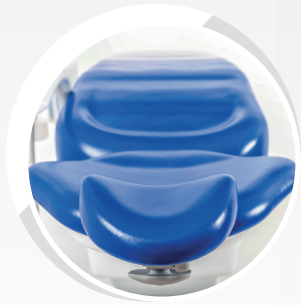

OPERATOR CONSOLE

Operator console with glass keyboard and capacitive touch technology mounted on a double jointed arm and equipped with a convenient tray support.

Actio Chair

Absolute comfort for patient and operator.

ACTIO CHAIR

Steel and iron structure with polyurethane surfaces to guarantee stability and durability. Chair with soft comfort padding and ergonomic seating designed to adapt to all types of treatments. Seamless skai medical leather upholstery, available in 16 different colors.

HEADREST

Headrest rotation on three axes to adapt to all types of patients and improve comfort during treatments.

SLIM BACKREST

Greater comfort for those working on foot or in the 10 o'clock position.

WIDE BACKREST

Greater comfort for those working in the 12 o'clock position.

Customize your unit

Maximum configurability to adapt to your every need.

THE HYDRIC GROUP

Hydric group with 50° rotation. Removable and autoclavable ceramic spittoon. Bottle for independent water supply.
