ENARIS BENCHSAFE

Absorbent spillage protection

- Advanced spillage protection for laboratories, hospitals, surgeries & other clinical environments
- Fast-absorption of any spills
- Water-proof polyethylene surface
- Strong and tear-resistant
- Flat surface can be written on
- Suitable for incineration
- Available in pre-cut sheets of various sizes & in reel/roll format
- Available with anti-slip backing
- Low & higher absorbencies available
- Flexi version available - lighter weight and softer to the touch

THE BENCHSAFE RANGE STANDARD

49cm x 60cm (BES60) - 100 sheets
49cm x 50m (BES50) - 1 roll
92cm x 50m (BES92) - 1 roll

PLUS

Higher grade of absorbency
49cm x 60cm (BES60-X) - 100 sheets
49cm x 50m (BES50-X) - 1 roll

FLEXI

Lighter-weight material
49cm x 60cm (BES60-F) - 50 sheets

enarislab

Absorbent tray-liners

- Covers theatre trays and baskets to assist in preventing spread of condensation during autoclaving
- Helps prevent cross-infection
- Rapid absorption of condensate during processing, reducing the incidence of wet / damaged packs
- Can be manufactured in a range of sizes to suit your requirements
- Various material options, including crepe and materials offering a higher level of absorbency

Sizes: 280x180, 300x200, 250x250 and 380x250.

These are just some of the sizes we have been asked to make in the past, other sizes are available on request.
