## What is it?

- My Perfect Colon is a CE medical device that easily enables the cleaning of the colon (in particular of the rectosigmoid area) at home and while traveling. Use only with lukewarm water (29 – 37° C)
- Adaptable to all faucets with standard twist-off filter (CEN EN 246)

## Why use it?

- It connects directly to the faucet and it functions by water pressure only, without the need for electricity or batteries.
- It allows to perform intestinal washing while comfortably seated on the toilet, stimulating the expulsion of fecal residue.
- Ideal in case of constipation or to find intestinal regularity.

## The packages:

### Care version

for deep periodic washings,  
designed for bedridden people and  
people with difficulties in movement
