

**DEXCOWIN®**

COCOON

### Technical data

Model: DX-7020 (COCOON)  
Tube Voltage: 70 kV  
Tube Current: 2.0 mA  
Battery: 16.8V DC Lithium Ion  
Focal spot: 0.4 mm  
Exposure time: 0.05- 1.0 sec  
Total filtration: > 1.5 mm Al equivalent  
Distance Source skin: 20 cm  
X-ray field: 6.5 cm round  
Maximum power-on cycle: 1:5 seconds  
Total weight: 2.17 kg  
Dimensions (approx.): W 13 cm x L 31 cm x H 26 cm

### Features

Fields of application: Dental, veterinary, forensics, mobile operations (e.g. aid organisations and military)

Battery: Replaceable

Practical: Gun-shaped housing, anatomical handle, without cable, Portable, low Radiation emission, patented speech output, up to 500 full-battery shots, advanced safety features

Charging method: 230V power supply

Additional protection: backscatter shield, carrying strap for increased comfort and to avoid fall damage

### Package Composition

Standard package: basic unit, handle with battery, docking station with power supply, carrying strap, user manual on CD, EU certificate of conformity, carrying bag
