SupaGRIP™

- ✓ Superior Floss
- ✓ Superior Handle
- ✓ Superior Pick

*QVIA reports 2019.

Developed in Australia by the dental design team at Erskine Oral Care.

- Super strong PTFE tape.
- PTFE tape does not shred or fray between teeth or leave annoying fibrous residues.
- Much more durable than Nylon.
- Ideal for people who don't like using floss, easy one handed use.
- Slides easily between teeth without force. (the lowest/easiest insertion force of 22 brands tested).

SupaGRIPXPv3 can be inserted into any of the Piksters Connect handles, acting as an extension handle.

Highly recommended for use with MiniGRIP.
